

EUROPEAN ASSOCIATION OF GERIATRIC PSYCHIATRY EAGP

First announcement:

Summer school 2019 in geriatric psychiatry

The EAGP is pleased to announce the fourth "Summer School in Geriatric Psychiatry". This course will provide a forum for bringing together budding European geriatric psychiatrists with academic or institutional potential and favour networking for future co-operation across Europe. The attendees will improve their knowledge in old age psychiatry and develop new ideas and share experiences about mental health programs and organizations. The course will feature workshops, group discussions, and state of the art lectures by European experts in the field of geriatric psychiatry. The participants will be encouraged to make their own contributions and present their papers/research.

Who will be the attendees?

The course will have 20 spaces for junior geriatric psychiatrists from all over Europe. The interested junior geriatric psychiatrist is usually in their 2nd or 3rd year of general psychiatry training (depending on the national curriculum) ; being promoted by an old age faculty or an EAGP member is an asset. However, given the limited space, attendees will be selected on a first-come-first-serve basis.

Where?

Prilly/ Lausanne, Switzerland, in one of Europe's oldest old-age psychiatry services

When?

From 11th to 14th September 2019

Which language will be spoken?

English

What are the course fees?

- 600 € for each participant
- 500 € for EAGP members or members of societies that are affiliated to EAGP or participants from Southern European countries
- 300 € for participants coming from European middle income countries (OECD)

The fees cover attendance, food, and the social event. Hotel fees are not included, but a hotel room can be booked for attendees in the same hotel upon request by the course secretary.

For more info and registration please contact the course secretary:
